

PROGRAMA ERASMUS+. ¡CUANDO LA TIERRA TIEMBLA! ¿ESTAMOS PREPARADOS?

Groups, homework and pairing

Group 1. Tasks about Italy and Greece (Mobility to Italy and Greece)

Roumeliotis, Georgios (M) of Greece - De Mizio, Vincenzo (M) of Italy
Asimakopoulou, Vasiliki (F) of Greece - Clemente, Vittoria (F) of Italy
Droulia, Athina (F) of Greece – Damiano, Assunta (F) of Italy
Foteinou, Dimitra (F) of Greece - De Simone, Veronica (F) of Italy
Roumelioti Zoi (F) of Greece – Gallo, Gaia Valeria (F) of Italy

Homework 1:

Before moving to Italy:

Study the geological genesis of the Italian volcanoes. Study of the volcano Vesuvius (Naples), whose eruption buried the Roman cities of Herculaneum and Pompeii in 79 AD. And whose last eruption occurred in the twentieth century. Analyze the effects in the Roman cities of Pompeii and Herculaneum. Analysis of the consequences of an emission of gases and ashes.

During mobility to Italy:

To analyze the protocol of action applied in the schools of Italy before the volcanic eruptions and the earthquakes.

After the mobility to Italy:

To design a pedagogical route of the natural and cultural phenomena visited during the mobility to Italy.

Propose a protocol of action in schools to the European community.

(Tutors Italy: Angelina sadutto y Patrizia Sgrò; Tutors Greece: Ioanna Tzouanopoulou y Christos Belokas)

Group 2. Tasks about Italy and France: (Mobility to Italy and France)

Ciccione, Domenico (M) from Italy- Boyeau, Chloe (F) from France
D'Apice, Gabriele (M) from Italy- Cantal Lewis, Ashley (F) from France
Iermano, Gabriele (M) from Italy- Chailly, Ludvina (F) from France
Pacifico, Angelo (M) from Italy- Cophil, Marina (F) of France
Olivieri, Angela (F) from Italy- De la Reberdiere, Tracy (F) of France

Homework 2:

Before moving to Italy:

Geological genesis of volcanoes. Study the volcanic caldera of Campi Flegrei and the volcano Solfatara

During the mobility to Italy:

To analyze the protocol of action applied in the schools of Italy before the volcanic eruptions and the earthquakes.

After the mobility to Italy:

To design a pedagogical route of the natural and cultural phenomena visited during the mobility to Italy.

Propose a protocol of action in schools to the European community.

(Tutors Italy: Patrizia Sgrò, Mena de Maria y Rosa Nazzaro; Tutors France: Bethsy Rosely y Nathalie Subirats)

Group 3. Tasks about Italy and about Spain: (Mobility to Italy and Spain)

Calabrese, Giandomenico (M) from Italy- Beckmann, Solomon Sidney (M) from Spain
Noviello, Luigi (M) from Italy- Rodríguez Gómez, José Antonio (M) from Spain
Damiano, Simona (F) from Italy- Guirao Molina, Maria del Carmen (F) from Spain
Filippone, Aida (F) from Italy- Lasso Bautista, Estela (F) from Spain
Pisaniello, Adele (F) from Italy- Serrano Fernández, Lucia (F) from Spain
Barbato, Andreina (F) from Italy- López González, María (F) from Spain

Homework 3:

Before moving to Italy:

Geological genesis of volcanoes and Italian earthquakes. Study of the volcano on which is built the city of Sant'Agata dei Goiti and the volcano Vesuvius (Naples), whose eruption buried the Roman cities of Herculaneum and Pompeii in 79 AD. And whose last eruption occurred in the twentieth century. Geological origin of the Grassano River and Lake Teleso.

During mobility to Italy:

To analyze the protocol of action applied in the schools of Italy before the volcanic eruptions and the earthquakes.

After the mobility to Italy:

To design a pedagogical route of the natural and cultural phenomena visited during the mobility to Italy.

Propose a protocol of action in schools to the European community.

(Tutor Italy: Nicola Rainone y Patrizia Sgrò, Mena de Maria y Rosa Nazzaro; Tutores Spain: Diego Gea, Toñi Castañeda y Santos Modéjar)

Group 4. Tasks on Greece and on France: (Mobility to Greece and France)

Fragos, Konstantinos (M) of Greece - Hogg, Robin (M) of France.

Nanos, Christos (M) of Greece- Penrose, Peter (M) of France.

Foteinou, Vasiliki (F) of Greece- Renaudineau, Baptiste (M) of France.

Papalamprou, Andriana (F) of Greece- Manicord, Deborah (F) of France.

Vlachou, Panagiota (F) of Greece- Trois, Lou (F) of France.

Homework 1:

Before moving to Greece:

Work on earthquakes and Mercalli scale

(Tutor Grecia: George Birbas, Antonios Spanos, Christos Belokas, Ioannis Christodoulopoulos y Ioanna Tzouanopoulou; Tutores Francia: Alice Nemorin y Nathalie Subirats)

Group 5. Tasks about Greece and Spain: (Mobility to Greece and Spain)

Iliopoulos, Rafael (M) of Greece- Martínez Iglesias, David (M) of Spain.

Pafilariis, Nikolaos (M) of Greece- Méndez Fernández, Carmen (F) of Spain.

Spiliopoulos, Georgios (M) of Greece- Pérez Heredia, Ana (F) of Spain.

Koufi, Diamanto (F) of Greece - Pérez Teruel, Maria (F) of Spain.

Sikotakopoulou, Nikolia (F) of Greece- Simón Gómez, Marina (F) of Spain.

Homework 1:

Before moving to Greece:

Work on earthquakes and Mercalli scale

(Tutor Grecia: George Birbas, Antonios Spanos, Christos Belokas, Ioannis Christodoulopoulos y Ioanna Tzouanopoulou; Tutores España: Diego Gea, Santos Mondéjar, Esther Carricondo y Begoña Camacho)

Group 6. Tasks about France and Spain: (Mobility to France and Spain)

Belair, Jason (M) of France- Giner Reina, Antonio (M) of Spain.

Clamy, Lea (F) of France- Jiménez Martínez, Alberto (M) of Spain.

Engoulevent, Laura (F) de Francia- León Rodríguez, José (M) de España.

Ada, Amandine (F) of France- Galera Martinez, Esperanza (F) of Spain.

Gorjux, Noemie (F) of France - Vázquez Navarro, Estefanía (F) of Spain.

Homework 1:

Before moving to France:

Work on earthquakes and Mercalli scale

(Tutor Francia: Serge Paupy; Tutores España: Diego Gea y Santos Mondéjar).
